APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office APR -8 1911  
Returned to applicant for correction APR 10 1911  
Corrected application filed \_\_\_\_\_

The undersigned William D. Ebbert  
Name of applicant.  
of Twin Falls, County of Twin Falls,  
State of Idaho, hereby make application for  
permission to appropriate the public waters of the State of Nevada,  
as hereinafter stated. (If applicant is a corporation give date and  
place of incorporation.) \_\_\_\_\_

1. The source of the proposed appropriation is (see next page)  
Name of stream, lake, or other source.
2. The amount of water applied for is three second-feet.  
One second-foot equals 40 miners' inches.
3. The water to be used for power, mining, manufacturing & domestic purposes.  
Irrigation, power, mining, manufacturing, domestic, or other use.
4. The water is to be diverted from its source at the following  
point: (see next page)  
Describe as being within a 40-acre subdivision of public survey, or by course and distance to a section corner. If on unsurveyed land it should be so stated.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- (a) Number of acres to be irrigated is \_\_\_\_\_
- (b) Description of land to be irrigated \_\_\_\_\_  
Describe by legal subdivisions, or if on unsurveyed land it

should be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.

- (c) Irrigation will begin about \_\_\_\_\_ and end about \_\_\_\_\_  
Month.  
\_\_\_\_\_, of each year.  
Month.

IF WATER IS TO BE USED FOR POWER, MINING, TRANSPORTATION, OR OTHER USE, SUPPLY THE  
FOLLOWING INFORMATION:

- (d) Power to be developed is eighty five horse power.
- (e) Works to be located (see next page)  
Give 40-acre subdivision on which works will be located, or locate by course and distance to a section corner.

- (f) Point of return of water to stream (see next page)  
Describe in same manner as point of diversion.

- (g) Remarks \_\_\_\_\_

## DESCRIPTION OF PROPOSED WORKS

(See next page)

State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water is to be

stored in reservoirs it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

5. Estimated cost of works three thousand dollars
6. Estimated time required to construct works two years
7. Remarks By reason of the necessity of road building, applicant  
For use of applicant.  
would like as much time as can be granted within which to commence and complete works.

WM. D. EBBERT, Applicant.

## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed \_\_\_\_\_ cubic feet per second.

Actual construction work shall begin on or before \_\_\_\_\_

Proof of commencement of work shall be filed before \_\_\_\_\_

Work must be prosecuted with reasonable diligence and be completed on or before \_\_\_\_\_

Application of water to beneficial use shall be made on or before \_\_\_\_\_

Proof of the application of water to beneficial use must be filed with the State Engineer on or before \_\_\_\_\_

WITNESS MY HAND AND SEAL this \_\_\_\_\_ day of \_\_\_\_\_

\_\_\_\_\_  
State Engineer.

1. The source of the proposed appropriation is all water (which is about three second feet) flowing in an unnamed stream down Sunshine Gulch, and which empties into the East Fork of the Bruneau River, on the west side thereof, at a point about 1200 feet below, or north, of the Junction of Slide Creek and said East Fork of Bruneau River, in East Jarbridge Mining District in the County of Elko, State of Nevada.

4. The water is to be diverted from its source at the following point: At the junction of two gulches which join to make Sunshine Gulch aforesaid, at a point up said Sunshine Gulch and up the unnamed stream hereinbefore mentioned as the source of this appropriation, a distance of about 4500 feet from the Junction of said unnamed stream and the said East Fork of the Bruneau River.

(e) Works to be located upon banks of the unnamed stream aforesaid in said Sunshine Gulch and about 500 feet up said stream and gulch from the point where said stream forms a junction with the East Fork of Bruneau River aforesaid. The land upon which said works are to be located and the lands in the vicinity thereof for a number of miles have never been surveyed, and, therefore, the course and distance of this point to a section corner cannot be stated.

(f) Point of return of water to stream will be located between the point of location of the works as above stated and the junction of said unnamed stream with the said East Fork of Bruneau River, and the water will be returned into said unnamed stream.

#### Description of proposed works.

A dam will be constructed at the point of diversion hereinbefore described, which will be about twenty five feet across at the top, six feet across at the bottom and about six feet high and will be composed of about one foot of cement at the bottom on the bed-rock, the balance to be constructed of rock, earth and timbers. From the point of diversion the water will be conveyed along the side of said Sunshine gulch by means of ditch and flume for a distance of about three thousand feet to a pressure box. From the pressure box the water will be conveyed by iron pipe to the point of use hereinbefore described. The iron pipe will be about 1500 feet in length.

Can. be used JUN 13 1911 because of failure  
to refile corrected application within statutory time.
